Mr. Steven Gilmore  
Gilmore & Associates  
350 E. Butler Avenue  
New Britain, PA 18901-5106

Dear Mr. Gilmore,

It has long been a belief of mine that it is important to give recognition to those who fulfill their professional duties with distinction and merit. That said, please permit me to take this opportunity to commend the work done by your firm on behalf of the Borough of Trappe. Please also let me take this opportunity to specifically praise the efforts of your lead engineer for our borough, Mr. John Sartor.

Mr. Sartor is a skilled, conscientious, and diligent individual who – like the rest of your firm – has been a substantial asset to our borough. John has never provided anything less than outstanding guidance and counsel regarding engineering problems and development questions during your firm's tenure as our borough engineer.

Whether reviewing development plans, finding a solution to a particularly difficult matter, or representing the borough in public meetings, your firm – under the leadership of Mr. Sartor – has been everything for which a municipal governing body could ask.

I hope Trappe Borough and its residents continue to enjoy the benefit of the services of Gilmore & Associates for many years to come.

Sincerely,

John Kelemen  
Council President  
Borough of Trappe
