

GILMORE & ASSOCIATES, INC.

FULL SERVICE CIVIL ENGINEERING & CONSULTING

BUCKS COUNTY COMMUNITY COLLEGE EXPANSION

Newtown Township

This was an expansion project, which included 19,000 sq. ft. of additional library space and computer classrooms. New free standing buildings for Wellness Center and 3D Arts Center were also part of the expansion. Gilmore & Associates, Inc. prepared boundary, topographic and existing utility surveys for the entire 202 acre campus. G&A also prepared flood plain and environmental constraints mapping for master planning purposes, prepared land development plans, and secured municipal and county approvals for building expansions and new building construction. Gilmore & Associates, Inc. designed a campus-wide fire suppression system and prepared construction documents and provided construction phase administration.
