FULL SERVICE CIVIL ENGINEERING & CONSULTING

AMBLER REDEVELOPMENT & REVITALIZATION Ambler Borough, PA

As the Borough Engineer for Ambler, Gilmore & Associates, Inc. has been heavily involved with the Comprehensive Redevelopment Plan to revitalize Ambler's former rail corridor industrial area. The plan consists of a revitalization program for entry gateways and Main Street enhancements. Grant funding includes approximately \$500,000 from Montgomery County's Revitalization Program and nearly \$800,000 from Transportation Enhancement (TE) Grants.

The scope of work for the Redevelopment and Revitalization plan includes development of a comprehensive planning database and Geographical Information Systems (GIS) analytical tools to support redevelopment of the industrial rail corridor area. The project is being developed in conjunction with the Montgomery County Redevelopment Authority.

Services Provided by G&A

- Grant-funding Application Assistance
