

GILMORE & ASSOCIATES, INC.

FULL SERVICE CIVIL ENGINEERING & CONSULTING

FOUNDATIONS BEHAVIORAL HEALTH New Britain Borough

Over the past twelve years Gilmore & Associates has provided civil engineering services for various expansion and renovation projects undertaken by Foundations. As an adolescent residential care center, Foundations has needed to continually upgrade campus buildings and infrastructure. The current project is construction of a 16 bed facility and a central campus kitchen, that will replace one of the original campus structures constructed in the 1960's. Gilmore & Associates will provide survey and land design services, and assist with municipal approvals.

Services Provided by G&A

- Survey
- Land Design
- Geotech
